

# Social Media Manager

Are you passionate about connecting people to God's mission by telling stories of what God is doing? In this position, you will be the face of YWAM Lausanne online (- and offline, too, if you don't hide), and you see media & communication as your mission field and best friend.

We look for someone passionate and creative with words and images to fill the Social Media Manager's new position to create and post engaging content.

What will your day look like:

- Manage, create and post content on our Instagram and Facebook channel
- Implement a social media strategy (for a cohesive online presence)
- Supervise advertising on online platforms
- Create content incl. videography, photography, and illustration
- In this role you will co-living in our community and contribute to shaping the life of students

Did we capture your attention? Then see below what talents fit the job:

- Strong command in English and natural storyteller
- You love the camera and enjoy creating stories
- Experience working with online communities and social media (e.g., Community Manager)
- You will thrive in this role if: you have an eye for details, are adaptable and a social butterfly, a visual thinker & communicator, a team player, and a self-starter & goal-getter
- Bonus: bring experience running advertising the text (captions, advertising language), knowledge in photoshop and illustrator software, Facebook business manager, and photography & videography editing skills
- Requirement: You have completed a DTS

What you can expect from us:

- Join an entrepreneurial-spirited team that is empowering and action-focused; we like to keep an efficient yet fun atmosphere in the office
- Gain exposure to a wide range of things and be part of lots of different projects
- Potentially can be trained in the digital media landscape for many specifications
- Get experience working in a fast-paced media production environment & work on high-quality content
- Broaden your horizon by getting a good understanding of YWAM history, our DNA, and missions
- Opportunity to live in a community environment and join base activities or short-time outreaches
- Possibility to enroll in our part-time leadership program during the first 3 months

Do bring skills mentioned above or have interest in acquiring them? If you want to join our tribe send us an email describing why you are the perfect fit: [martina.schiess@ywamlausanne.com](mailto:martina.schiess@ywamlausanne.com).

We are looking forward to hearing from you!
